

# **Culvert Requests**

## **City of Gulfport Culvert Policy:**

**A.** The City of Gulfport is not responsible for financing the installation of new culvert for residents for the use of ingress/egress, drainage, or any other purpose. The owner bears the entire financial responsibility for all services in conjunction with the initial culvert installation.

**B.** Upon request, the City of Gulfport's Engineering Department shall determine and approve the pipe size, slope of pipe, and type of pipe material to be installed by non-commercial developments.

**C.** The City of Gulfport's Engineering Department shall be given a minimum one week to complete the culvert analysis.

If you would like to request a culvert, please call Ray Stieffel at 868-5815 or visit the City of Gulfport Engineering Department at 4050 Hewes Avenue.
